

BAA LIGHTHOUSE SINGLE BEAM

The 3AA LIGHTHOUSE SINGLE BEAM is a multi-functional personal lighting device and available with or without the magnetic base. It can be handheld like a traditional flashlight, worn on a safety vest or other clothing.

Magnetically mounted on a metal work area, or stood up on any flat surface it allows a hands-free lighting of your working area.

FEATURES

- Spot Beam
- Pivoting Head for use as hand-held flashlight
- Neodymium Magnet - mounts to any steel surface (only 510403F + 510405)
- Non-Slip Rubber Base - for self-standing area light (only 510403F + 510405)

SPECIFICATIONS

SPOT

TECHNICAL DETAILS

Lumens / Beam Distance / Burn Time:

Spot Beam: 228 lm / 147 m / 8,4 hrs

Dimensions: 53,3 x 38,1 x 182 mm

Weight: 105 - 125 g (no batteries),
174 - 195 g (with batteries)

Battery Type: 3 x AA Alkaline Disposable

Lamp Type: eLED

Waterproof: 1 m

CERTIFICATION ZONE 0 + 20

Intrinsically safe Zone 0,1,2,20,21,22

- 510407** SINGLE BEAM, NO MAGNETIC BASE, NO BATTERIES, BULK

ADJUSTABLE HEAD

ADJUSTABLE HEAD

By far the most popular feature of this light is its adjustable head. The adjustable head can be rotated 360° or tilted up and down 120°.

The tilt angle can be locked by tightening the knob on the side of the Lighthouse, so that the adjustable head remains in position and shines light exactly where you want it.

MAGNETIC BASE

CONVENIENT MAGNETIC BASE

The magnetic base of the Lighthouse light attracts to any metallic surface containing iron, it allows a hands free lighting and makes it easy to light difficult areas. As it can be mounted almost anywhere it is perfect for auto body work, electrical, utility or just every day use.

POCKET CLIP

NYLON POCKET CLIP

The nylon pocket clip allows the Lighthouse light to be used as a wearable, right-angle light. The pocket clip can be affixed to any jacket or work clothes you can think of. The material is durable so that the clip will stay firmly in place.

SINGLE BEAM

SINGLE BEAM

If you want to spot lighting a more distant object or need to look into tubing or narrow openings, the SINGLE BEAM Lighthouse that delivers a narrow spot beam is just perfect.

SINGLE BEAM

The shown metal clip must be purchased separately. The delivery always includes a Nylon Clip.
